Bergamot	Monarda fistulosa	P	S	Purple

Type: A=Annual, P=Perennial, B=Biennial, TP=Tender Perennial

Bloom Time: Sp=Spring, S=Summer, F=Fall

A good choice for a wildflower mix along the front range (and lower elevations), but will require supplemental watering to be successful. Takes longer to germinate than other wildflower mixes.

For best results, plant in late fall.

Planting Rate/Acre: 6-12 lbs
Planting Rate/Acre Grass/Wildflower 1-5lbs

Not the Biggest Simply the Best !!!
